

**FOR IMMEDIATE RELEASE:**

## **Microscan Welcomes New Regional Sales Director for Asia-Pacific**

**RENTON, WA, July 22, 2014** – Microscan, a global technology leader in barcode, machine vision, and lighting solutions, announces that Eu-Gene Ng has joined Microscan in the position of Regional Sales Director for the Asia-Pacific region.

Ng joins the Microscan management team reporting to Scott Summerville, President. In his role, Ng will have responsibility for all sales and applications engineering activities for Microscan in Southeast Asia, South Korea, India, Japan, Australia, and New Zealand. Ng has 18 years of experience in the electronics industry including sales, sales management, and product management. For the past 14 years he worked with Kemet Corporation, a global passive electronic component company. Ng has also worked with Panasonic and Rohm Electronics. Ng has a bachelor's degree in Computer Engineering from Nanyang Technological University in Singapore. He will be based in Singapore where he currently resides.

“Eu-Gene is a very people and collaboration-oriented leader with strong analytical skills. His experience in the electronics industry as well as his dual background in sales and product management will position him well at Microscan,” said Summerville. “I am looking forward to working with Eu-Gene and having him lead our team in this important region of the world for Microscan.”
